COMMISSIONERS OF PUBLIC WORKS
GREENWOOD, SOUTH CAROLINA

WATER SERVICE RATE SCHEDULES

EFFECTIVE DATE: August 1, 2010

REVISION NO.: 5

WARE SHOALS RATE SCHEDULE
(Rate Code 1500)

Water service is provided to the Town of Ware Shoals pursuant to Ware Shoals Wholesale Water Agreement dated December 19, 1989 ("Agreement"). All terms and conditions of said agreement and as it may be amended from time to time are hereby incorporated. The price for the water to be furnished pursuant to that agreement shall be the price as set forth in this rate schedule, as such schedule may be adjusted from time to time by the CPW, provided that before making any increase in such rate the CPW shall review the cost of service under this rate schedule and shall make a finding that such increase is reasonable in relation to such cost of service.

The CPW owns a 12-inch water line ("Line") running north along U.S Highway 25 to a point near the intersection with Nation Road, north of Turkey Creek. The CPW agrees to furnish treated potable water to Ware Shoals to be supplied through a meter installed on the Line at a point just south of Nation Road (the "Meter Point") in sufficient quantities to meet the needs of Ware Shoals, and Ware Shoals agrees that as of February 1, 1990 and thereafter during the entire term of Agreement it will purchase from the CPW all potable water distributed by Ware Shoals.

Monthly Water Rates			
All Usage	(Cubic Feet)	\$1.5230	per 100 cu. ft.

Billing:

The CPW shall bill Ware Shoals for all water passing through the meter at the Meter Point on a monthly basis. Ware Shoals shall pay such bill within fifteen days after the date of the bill.

Service under this rate schedule is subject to the Commission's rules and regulations for Water Service.
